

Counter-Top Display Racks

4-Shelf Flatrack™ Display

- This innovative rack design assembles easily without tools or fasteners while providing a strong, free-standing rack to display your product
- The 4-shelf Bakery Display is shown on top of the small box that it packs in
- The attached price channel on each shelf holds your latest promotional advertising or pricing. Includes angled shelves for gravity feed of your product
- Powder coated finish in the color of your choice - match your rack color with your packaging colors for added visual effect

The Flat rack™ is a new concept in counter-top displays

3-Tier Counter Top Display

- Custom designed to exact product specifications
- Angled shelves for gravity feed

3-shelf muffin display shown above fully loaded in a convenience store
